

W12 - FREE Workshops for Joinerysoft users

Joinerysoft will be holding JMS version 4 and JMS Pro workshops at W12 (7-10th October 2012) showing the major features available in their forthcoming new releases. The workshops will be split into areas and will be limited to about 20 - 30 people per session. Alan Turner, Managing Director says "We are really excited about the capabilities and flexibility of version 4 and JMS Pro, and as such have decided to hold FREE workshops lasting about 45mins for our users to get a greater understanding. Version 4 will be a FREE upgrade to JMS users who are up to date with their maintenance and support".

If you are interested to pre book or know more about the workshops please call 01608 643302 or visit www.joinerysoft.com. Joinerysoft will be exhibiting at stand 6E629 while at W12.
