

# Launch of FREE Webinars by Joinerysoft

---

Joinerysoft have announced the launch of FREE webinars for all customers to refresh their skills or train additional members of staff. These webinars (online training sessions) will be available to ALL customers with a current support contract each one covering a different topic within Joinerysoft's JMS software and explaining in a step by step method how to use its features.

Joinerysoft plan to host two webinars each month and will have the sessions recorded for customers to download after the event. Each session will last approximately 45mins to 1 hour in duration. Webinar attendees can submit questions in advance which the online trainer will try to answer during the session.

**First Webinar:** *The Building Blocks of JMS - Understanding global, job, & local changes*

If you want to quickly change the timber type for the entire job or change just one window in a job to a different section size and are never quite sure where to make this change - This webinar is for you.

**Date:** Date to be confirmed – August 2014

**Trainer:** John Berry, Joinerysoft's Technical & Support Manager

**Duration:** 45mins to 1 hour

**Registration:** Clickable link from Joinerysoft's website. Visit [www.joinerysoft.com/customerarea](http://www.joinerysoft.com/customerarea) for more details or follow on facebook or twitter@joinerysoft
